Thanks Sue! This is very helpful. How about this for a revised statement (I tinkered just a bit with the language)?

Hi Kacee,
here's my mark-up. Hope this helps -- tho I think it probably still needs a bit of word-smithing at the end.

We've been asked to have a draft ready to take over with us when we meet with Lek at 2:15 on platinum. If someone can please help me with the details by noon, I would really appreciate it!

Re: Fw: Acrylonitrile Summary

I don't know the whole history of what's happened with this assessment, but I've drafted some text we could possibly use for the website. There are holes that need to be filled in. Can someone help me with the details?

Can we decide to go ahead and announce on our website (updating IRIS track) that we are revising the assessment and going back through the process? It seems like something we need to go ahead and do. Then we could add that info to the 1-pager...
